Tampa, Florida

Jean spent 12 years as President of Sweetwater Kayaks, Inc., before retiring in 2009. She did not, however; retire from paddling! Her passion has always been to pursue the ever expanding experiences that sea kayaking offers and share it with others.

Jean was also the symposium Director for Sweetwater Kayaks, this experience offered her the opportunity to work with amazing coaches and provide the symposium experience to the global paddling community.

Skill refinement is her area of expertise;" I like to focus on breaking down fear barriers and building confidence to enhance the learning experience." Jean would like to offer you an invitation to come paddle and train with her on the Gulf of Mexico and the beautiful spring fed rivers.
